

Li Zhaoping has pointed out an error on P1124 of “A hierarchical model of visual rivalry. *Neural Computation*, **10**:1119-1136.”

The lower two equations should read:

$$\begin{aligned}\mu_1(t+1) &= \mu_1(t) + \delta (-\nabla_{\mu_1} \mathcal{F}[\mu(t)] + \alpha[\beta\mu_1(t) - \mu'_1(t)]) \\ \mu'_1(t+1) &= \mu'_1(t) + \delta (\mu_1(t) - \beta\mu'_1(t))\end{aligned}$$
